

The Curriculum Policy

Updated August 2024

The Curriculum Policy

1. Aim

To provide a curriculum for all of our young people which:

- fulfils statutory requirements
- meets the requirements of relevant KS4 and Post 16 specifications
- is future-proofed, flexible and provides breadth, balance and progression
- is equitable, recognises diversity and the need for inclusion
- is responsive to the needs of the individual, the environment, economy and society by providing a curriculum that allows collaboration and active participation in the decision around the curriculum offer
- promotes health, wellbeing and safety

2. Objectives

The curriculum provided by Belfast Boys' Model School is designed to promote the spiritual, moral, cultural, intellectual and physical development of pupils, and to enable them to experience school as a caring supportive community where pupils are happy, supported and feel a sense of belonging.

Curriculum provision should:

- develop as fully as possible pupils' abilities, interests and aptitudes;
- cater to individual needs of SEND pupils
- develop enquiring minds, to experience enjoyment in learning so that they may be encouraged to take advantage of educational opportunities in later life
- develop appropriate skills and capabilities in Communication, Using Mathematics, I.C.T., Managing Information, Thinking, Problem Solving, Decision-Making, Being Creative, Self-Management, Working with Others
- have opportunities across the curriculum to progress digital skills and understand responsible and safe use of new technologies
- have provide access to those major areas of knowledge and experience which will help pupils to know more about themselves and the environment, society and economy in which they live and beyond
- work in ways which will enhance pupils' self-respect and confidence so that they may be encouraged to take responsibility for themselves and their activities
- develop understanding of the wider community and of the ways in which individuals and groups relate
- help pupils to gain the skills necessary to respond effectively to social, economic and political changes, and to changing patterns of work
- develop the social skills necessary to work successfully with other people
- equip pupils in preparation for adulthood in society so that they understand the responsibilities of being parents and citizens
- help pupils appreciate and be concerned for the environment
- develop interests and skills which will continue to develop an individual for life.

All Learning Areas have parity of esteem and are impartially promoted. Every effort is made, within the constraints of finance, personnel, time-table and appropriate demand, to make adequate provision for them.

3. Learner-centred Teaching, Learning and Assessment.

Learning should be experienced as enjoyable, engaging, rewarding and confidence-building process which is personal to the student.

There is whole-school focus on metacognition, retrieval and the promotion of independent learning, designed to promote pedagogy which is relevant to learning and achievement for boys as defined in the school's Learning, Teaching and Assessment Policy .

Pupils are involved in an individual target setting process with their form teachers and parents and focus on developing academic and personal targets, supported by the Careers department.

All pupils can access Assessment Calendars, Homework and Common Assessment Calendars and Revision guidance, including subject-specific revision lists for each subject to encourage high aspirations in partnership with parents.

The needs of all learners are addressed with differentiated support at all times through this Personalised Learning approach. Appropriate individual support, interventions and mentoring, couple with a focus on relational learning, where pupils are known, supported and individual responsibility and positive relationships are at the centre of the classroom.

The School's Transition process helps with early identification of learning needs and prior attainment, availing of relevant stakeholder's knowledge.

Pupils have opportunities to engage in a wide range of assessment for learning activities, including peer and self-assessment.

Academic progress is monitored through the outcomes of a broad range of learning opportunities and assessments.

Pupil progress is reported to parents at each assessment point. This happens over four class tests, one of which is a formal school exam and the annual written report. Class tests 1, 2 and 4 are communicated via a progress report communicated to parents via Parent App. The formal written report is issued following CT3.

4. Curriculum offer

Pupils, parents and staff work together to co-construct a curriculum which meets the needs and aspirations of all school stakeholders.

The Curriculum Focus of Key stage 3 is the development of crucial Literacy and Numeracy skills to enhance learning throughout all Areas of Learning. The subjects of English and Mathematics have the largest proportion of Key Stage 3 allocated time and are supported with Literacy and Numeracy intervention where that is required.

The school aims to meet the statutory requirements of the Education Order (2007) NI and meet the statutory obligations of the Entitlement Framework by providing access to a minimum of 27 courses Post-16 and 24 G.C.S.E. or equivalents courses, at least one third of which are Applied, and one third of which are General. Pupil, parents and staff formulate a new curriculum offer each year to provide opportunities for success.

All pupil progress and achievements are recognised, rewarded and recorded where appropriate to assist with successful transition to further and higher education or employment.

5. Structure of Curriculum delivery

The school day is delivered in 40 minute periods (8 periods on Monday and Wednesday, 6 on Tuesday & 7 on Thursday and Friday) with one of two x 20 minute break times and one of 2 x 40minute lunch breaks.

Use of data to inform class placement

GL PTE, PTM and CAT tests are used to place pupils in form class groupings. Pupils are placed in classes using a formula of ranking on PTE, M and CAT SAS. Pupils are then placed in a class depending on their range within the rank. Pastoral information and data may also be used to determine class placement.

Class movement

After school assessments, and/or standardised tests, pupils may move class. These decisions will be made by Senior Leadership in consultation with Pastoral Leaders and parents.

Learner Participation in Curriculum Offer KS4 and Post 16

Learner participation is central to the curriculum offer at KS4 and Post 16. CEIAG provision allow pupils to interact with employers, FE and HE and informs pupils about Labour Market trends. Curriculum Leaders are encourage to future-proof their curriculum offer and ensure the qualifications on offer meet the needs of the Labour market and the interests and strength of our pupils.

The subject-choice process is communicated with pupils and parents in Y10 and 12 and is as follows:

1. Subject presentations
2. Subject choice fairs
3. Open vote
4. Blocked vote 1
5. Blocked vote 2 and individual careers interviews
6. Parental support and meetings

The subject choice process is data informed and tracking, diagnostic and predictive data is used to support and guide decision making for the best combination of subjects for individual career aspiration and success.

At each stage of the votes, subjects may not run due to unviable numbers/timetable/staff constraints. Pupils and parents are informed of this at all stages. BBMS will work with the ALC to ensure pupils' subject requests are met.

NBALC Collaboration and Shared Education

Belfast Boys' Model partners with other schools in the North Belfast Area Learning Partnership to bring a shared option block of subjects which are available to all Level 3 pupils who have strong GCSE results and an excellent attendance record.

Belfast Boys' Model School and Mercy College, Belfast, our Shared Education Partner align all blocks.

Subjects offered within the ALC block include:

- English Literature
- Geography
- Performing Arts
- Health & Social Care
- Chemistry
- Physics
- Biology

At KS3 and KS4, Belfast Boys' Model School and St. Malachy's College Belfast work in collaboration through the St. Malachy's College Digital Hub to offer Y10 and 11 pupils access to state-of-the-art digital equipment and progress coding and graphics skills.

Shared Education, with Mercy College Belfast deliver programmes at KS3, running out of the LLW and HE Departments.

BBMS Enrichment Programme

Our Enrichment programme runs for our Yr12 – 14 pupils on a Wednesday afternoon. They choose 1 option per year and choose a different option each year. The Enrichment programme develops a range of skills to make them more rounded, employable individuals. Employers demand candidates who have fully-developed work-ready skills, such as leadership, communication and resilience. Therefore, we focus on developing these to make Boys' Model pupils more successful in their pathway when they leave us. The list grows each year, but pupils take part in options such as:

General
Independent Living (Hospitality)
Music Technology
IFA Sports Coaching
Business Enterprise
Duke of Edinburgh
Drama & Musical Theatre
IT Coding & Digital Technology
First Aid

The Crusaders Academy

We have established a partnership with Crusaders FC to offer a Post 16 pathway that involves academic study at BBMS and the Crusaders Football Academy. This partnership offers up to 12 hours contact time with the Academy weekly, providing insight and opportunities to train like young professional footballers.

The aim of the partnership is to educate pupils both on and off the pitch and in the gym (strength and conditioning). It provides a pathway for the students to best fulfill their potential at whatever level of football is best for them. Pupils are also offered engaging employment and work experience opportunities.
